Call to Order – 12:36pm  
Quorum = YES / 15

Review of the Minutes from January 23, 2020 and January 30, 2020
Request made to Secretary Amanda Wansa Morgan: PLEASE ADD missing CM proposal to 1/23/20 Minutes.

Minutes from 1/23/20
Motion to Approve: Michelle Head / 2nd D. Michael Franklin – APPROVED by ALL

Minutes from 1/30/20
Motion to Approve: Doug Moodie /2nd D. Michael Franklin – APPROVED by ALL

General Education proposal review – presented by Kris DuRocher
Gen Ed is 60 hours and affects every one of our students.
Please review the model presented (KD shared the graphic).
We are keeping 60 transferable hours but now we get 18 flexible credits.
Old system had a plug-and-play model within that 60 hours.
Now we have 33 hours of the core – 24 mandated hours / 9 hours institutional options / 9 hours “exploratory courses” / 18 hours of Field of Study
You should have received this from either your Faculty Senate rep or other sources.
Field of Study is currently Area F – owned by USG

NO ITEMS PULLED FROM CONSENT AGENDA
Motion to approve Consent Agenda – D. Michael Franklin
2nd – Amanda Wansa Morgan
Approved by ALL

| - Nutritional Science Minor (New Minor) | Presenting: Denise Knapp, ES  
  - Regarding Nutritional Science Exercise Minor  
  Benefit – we don’t have a Nutrition degree – but with this minor, they can use these courses to apply to graduate school and they will count.  
  Demand Data – we do not have an Nutrition minor but projected for 15% employment for nutritionists between 2016-2026; growing obesity and aging population in America.  
  Note concern  
  - Regarding Exercise Science B.S.  
  Two different changes in the major – courses that fall in Area F (2200, 2300, 2500) – we want to open these courses to those in “Interest” – not only to major restriction.  
  - ES 3500 Nutritional Assessment (New Course)  
    - It has a lot of hidden prerequisites.  
    - It will be communicated in advising.  
    - There is an enrollment concern.  
  - ES 4250 Advanced Human Nutrition (New Course)  
    - Note the concern from Chemistry regarding the prerequisite | ☐ Representation not present; tabled

| International Law Certificate | New - Embedded         | Really important for students who go on to law school to not only take those courses but have that formal credential. Truly embedded. Business as usual. Students have to be taken already so it’s a grouping for optics. It is not recorded until the degree is finished. Registrar still wants a memo from department regarding what the student has or hasn’t completed. Discussion ensued around the “embedded” process.  
Q: Can you track students through an embedded path? 
A: the student can “declare” it so you can follow them in Degreeworks but it’s different than a standalone minutes. 
Certificate is noted through the gates office and transcript as a NOTE – that information has to be communicated from department. 
If you graduate and don’t finish the certificate – you can’t come back and get it. 
Standalone – the student “declares” it, it’s tracked through Degreeworks 
If a student does not complete the “standalone” certificate during their degree, they can reapply after graduation and finish the certificate. 
Standalone certificates takes 2 years to get financial aide granted for it (unless you have free electives or related studies to spare).  
**After more discussion, the department elects to stay with “Embedded.”** | ☐ Representation not present; tabled ☒ Motion to Approve By: Michelle Head ☒ Motion Seconded By: Amanda Wansa Morgan ☒ Approved - ALL ☐ Rejected Notes: |
Registrar/Paul Parker: Can we get some language/notes for the UPCC website on the difference between a “standalone” and “embedded” certificate.

Geospatial Sciences, BS

- Program Name
- Catalog Description
- Area F/Lower Division Requirements
- Concentration or Track
- Electives

**Matt Wilson & Dr. Alan Roberts**

We are cleaning up issues that occurred through the merger. Politics on campus at the time prevented.

We are going to discontinue the BS in Surveying and Mapping. On the Geography side, we are cleaning up prerequisites. Program name change will be more appealing.

Registrar: You’re changing the name of the program – are you planning to finish “teach out” the current program. How does that work?

Amy Jones: the name change will go into effect for incoming students.

Registrar will create new program code and all students in GIS will need to be moved to the new program code. They will work with department (Geography) to deal with that.

• MTRE 4300 Machine Learning for Robot Perception (New Course)  
• MTRE 4800 Mechatronics System Design (Prereq/Coreq) | Presenting: Kevin McFall  
Reason they are here is to discuss the minor.  
Most of the prerequisite changes in the MTRE are to open up our courses and the minor to as many people as possible. For the target audience of this minor, there are no hidden prerequisites.  
There are about 450 mechatronics engineering majors. We have many computer engineering students in the Minor. In those programs, the prerequisite changes we’ve made have been to open these courses up. We done everything we can to make this as open as possible. | ☐ Representation not present; tabled

Order of Business

Executive Board has not met to clear the last set of proposals. We have exhausted our meeting times. It’s going to be a regular (old school) discussion meeting – you all (members) need to come prepared. We will have to give revisions at that meeting. That agenda 2/20/20 will be published today – please review and attend 2/20/20 meeting having reviewed proposals and offer edits.

Request from Danielle Herington:
POLS 4461 – can you update that proposal regarding course number?

Motion to adjourn: Janeen Amason 1:58pm
2nd – D. Michael Franklin
APPROVED by ALL
